

## Sound Healing Master Class Retreat with Cyndy Paige, founder of Rhythm of the Earth

Friday, Saturday & Sunday, July 19, 20 and 21, 2024 from 10-6 pm each day

You will learn to feed yourself and others with beautiful sacred sounds by personally *experiencing and feeling* sound through many sound healing processes that I will share with you. During our time together you will also learn the **7 Secrets of Sound Healing<sup>1</sup>** which can be used to heal yourself, your family, and your community. Circle with other soulful like-minded people who wish to understand, and put into practice, this ancient healing modality, the efficacy of which has been scientifically proven<sup>2</sup>. Understand in your bones why *sound* has always been used by indigenous people for healing and balance. Absolutely no sound healing or musical training is required. Certificates of Completion will be provided. There is a mentorship weekend that will be offered upon completion where you can learn the ethics of approaching others and practice your skills with others as “pretend clients.”

During our time together you will *experience* many sound healing processes including:

- *Meditative drumming*
- *Singing bowls (crystal and Tibetan)*
- *Tuning forks*
- *Sacred Chants*
- *Shamanic Journey*
- *Guided Meditation*
- *Processes in nature*
